## The Finish Line and Beyond!

#### Gap Begone!

The **projected Gap for June 2022** has been reduced to **ZERO**, based on generous gifts and expected fulfillment of existing capital pledges!

### What Happens Next?

**Sunday April 11, after coffee hour**, please join us for an informal Q&A discussion of the list of deferred capital improvements and prioritizing factors.

To join us, simply jump on or stay on the church's Zoom line after the coffee hour concludes, about **11:45am**.

#### Hello Building!

The new wing is expected to be completed by the end of June 2021 and thereafter ready for our occupancy whenever we are cleared to return in person.

In the meantime, with funds assured for closing the Gap, we can begin planning for the use of any additional funds, beyond the payment of current pledges, to meet a prioritized list of deferred improvements.

Some of those improvements could be particularly helpful in making the transition to our post-pandemic operations. For example, the acquisition of advanced AV components could help maintain our connections with members who may be unable to come in person to services or meetings or events.
