We'd like you to see the work in progress!

For safety reasons, it is important that you NOT wander behind the church into the active construction area, which will be marked by temporary fencing and DANGER signs.

Instead, take a virtual tour via our website's gallery of photos from the construction site! More will be added each week. [CLICK HERE](#) to go to the Building Project's home page where you'll see a photo from the most recent week. From there, another click brings up the entire gallery.
